

Human-centered AI — Question Storming

// THEME

-  **Write slowly and in capitals.** One question per sticky, so we understand them later.
-  **Questions, not answers.** Hold back solutions for now — they come next.
-  **Keep it non-sensitive.** Avoid personal data and business-confidential information.

QUESTION STORM · 1-2-4-ALL

1

For our theme, what questions should an organization answer to keep AI human-centered and prevent harmful outcomes?

QUESTION STARTERS

Who decides...?

Who is affected when...?

What happens if...?

How do we know...?

What would make us stop...?

Who can question...?
