

Human-centered AI — Question Storming

// THEME

Write slowly and in capitals. One question per sticky, so we understand them later.

Questions, not answers. Hold back solutions for now — they come next.

Keep it non-sensitive. Avoid personal data and business-confidential information.

QUESTION STORM · 1-2-4-ALL

4

For our theme, what questions should an organization answer to keep AI human-centered and prevent harmful outcomes?

QUESTION STARTERS

Who decides...?

Who is affected when...?

What happens if...?

How do we know...?

What would make us stop...?

Who can question...?
